ABOUT US

The Film Dudes is a subsidiary of NDstrong, which is focused specifically on residency film programs in various academic levels — from elementary to college. Our goal is to educate and inspire students about filmmaking. Throughout the year, we travel across North Dakota and work with schools, colleges, and universities through teaching the integration of video production into teacher's curriculum, workshoping with staff and students, and exhibiting film opportunities throughout the state

WHAT IS NDSTRONG?

NDstrong is a nonprofit 501(c)(3) organization that serves as a film resource for the state of North Dakota. We host a directory of media activists in and around the state, educate students of all ages, and provide opportunities for hands-on experiences in filmmaking and production. We also write, direct, and produce short and feature-length films. For media artists who are interested, NDstrong offers a fiscal sponsorship for North Dakota residents and their film projects. We have held movie premieres throughout North Dakota to showcase the talents within our organization and within North Dakota's film community.
